

In the field of personal protective equipment (PPE), the work gloves offered by BCL help improve the health and safety check of users, while increasing their productivity.

OUR MISSION: "Help make organizations more productive by protecting and optimizing the use of hands for their workers."

Since 1964

Assembler Glove Model 200

All-Grain leather with 2 ½" cuff

Designed for:

- ❖ Welding
- ❖ Assembly
- ❖ Shop work

This glove is an assembler star product manufactured with high quality grain leather.

This glove is manufactured in Canada. It is made with high quality and very flexible leather glove, making it hypoallergenic (to help prevent dermatitis).

It is resistant to water, oils and greases.

All made of grain leather cream coloured, it offers flexibility and comfort.

It has a short split leather cuff protection of 6.5 cm (2½"), and additional protection to the wrist arteries.

Maintenance:

To clean these gloves, we recommend washing with mild soap. Just rub them together under running water (like washing hands), and then let them dry at room temperature. In this way, the leather will regain its original flexibility (this is one of the characteristics of a quality leather glove).

Characteristics:

- Very soft leather glove
- Cream coloured
- Leather guard for arteries
- 6,5 cm (2 ½") split leather cuff
- All-Grain leather, water and oil resistant
- Dexterity and comfort
- Made in Canada

Available sizes: S, M, L and XL
