

In the field of personal protective equipment (PPE), the work gloves offered by BCL help improve the health and safety check of users, while increasing their productivity.

OUR MISSION: "Help make organizations more productive by protecting and optimizing the use of hands for their workers."

Since 1964

Fireproof Liner Knit Glove Model 2C-K12P5

Viscose FR®, Kermel® and Thermolite®

Designed for:

- ❖ Electricians
- ❖ Linemen

Here's an upscale multipurpose Canadian product. It is a product manufactured with technical fibers.

Our lining knitted viscose FR®, Kermel® and Thermolite®, has insulating properties to withstand the cold or heat.

Our glove-like lining is ambidextrous and multipurpose. As a liner, it can be inserted into a leather glove, rubber, PVC, nitrile, etc. to protect hands from the cold.

It repels moisture.

Its perfect fit ensures a very good comfort.

This is a Canadian product made with technical fibers.

Maintenance:

This liner is machine washable at regular cycle.

Characteristics:

- Resistance to cold, heat and flame
- Viscose FR®, Kermel® and Thermolite® knit
- Repels moisture
- Insulation and seamless – Elastic wrist
- Removable liner for gloves and mittens
- Dexterity and flexibility
- Comfortable and adjusted
- Made in Canada
