European homologation

Very good cut resistance as well as localized thermal contacts. The opening for the passage of the thumb provides maximum protection of the wrist. Inserting spandex provides excellent fit of the sleeve on the forearm and stability of the elasticity of the sleeve in time (no deformation).

Cleaning: This protection sleeve is machine washable at regular cycle.

Size 10

- ❖ Forearm protection against the risk of cuts by slicing
- ❖ Automotive industry
- ❖ Metal
- ❖ Processing industry
- ❖ Manufacturing industry and glass processing
