

In the field of personal protective equipment (PPE), the work gloves offered by BCL help improve the health and safety check of users, while increasing their productivity.

OUR MISSION: "Help make organizations more productive by protecting and optimizing the use of hands for their workers."

Since 1964

Handling Glove Model S002-2141 Rubber Coated

Designed for multiple tasks:

- ❖ Handling
- ❖ Transport
- ❖ Construction
- ❖ Tree trimming

Our rubber-coated cotton / nylon knit glove is very robust while providing comfort and Dexterity.

Here is a Japanese designed ergonomic glove. This is a product of high technology and of high quality. The excellent grip and the natural ergonomic fit reduce fatigue, because the handling of objects requires less effort than with a bare hand.

This is probably why many movers, handlers and construction workers use it. Even kayakers use it for the same reasons.

Maintenance:

This glove is machine washable at regular cycle.

Characteristic:

- Sanitized to prevent odour and mildew
- Rubber-coated palm and fingers
- Cotton / nylon Knit
- Excellent grip
- Dexterity and Flexibility
- Durability and comfort
- Elastic wrist

Available sizes: M, L and XL
