

In the field of personal protective equipment (PPE), the work gloves offered by BCL help improve the health and safety check of users, while increasing their productivity.

OUR MISSION: "Help make organizations more productive by protecting and optimizing the use of hands for their workers."

Since 1964

Driver Glove Model S1004

All grain leather

Designed for:

- ❖ Driver
- ❖ Chauffeur

This glove is manufactured in Canada. It is made with high quality and very flexible leather glove, making it hypoallergenic (to help prevent dermatitis).

It is resistant to water, oils and greases.

With his elastic wrist adjustment, this durable and economical to purchase, is a very good choice.

All grain leather, this glove selection is suitable for Chauffeurs, drivers and truckers who handle equipment and goods in addition to driving a vehicle.

Maintenance:

To clean these gloves, we recommend washing with mild soap.

Just rub them together under running water (like washing hands), and then let them dry at room temperature.

In this way, the leather will regain its original flexibility (this is one of the characteristics of a quality leather glove).

Characteristics:

- Beige coloured
- All grain leather
- Elastic wrist
- Winged thumb
- Handling in wet or dry conditions
- Resistance

Available size: M
