

In the field of personal protective equipment (PPE), the work gloves offered by BCL help improve the health and safety check of users, while increasing their productivity.

OUR MISSION: "Help make organizations more productive by protecting and optimizing the use of hands for their workers."

Since 1964

Lined Keystone Thumb Driver Glove Model S1005D

All grain leather lined with Thinsulate®

Designed for these tasks:

- ❖ Driver
- ❖ Chauffeur
- ❖ General work

All grain leather, this selection glove of Class "A" is suitable for chauffeurs, drivers and truckers who handle equipment and goods in addition to driving a vehicle. With his elastic wrist adjustment, this durable and economical to purchase, is a very good choice. Thanks to its Thinsulate® 40 grams lining, it is used for handling in cold environment. It also has an unlined version (see the model S 1005).

This glove, with its Keystone thumb, is an ergonomic design that provides its users with superior comfort for the hand. The thumb is kept in its natural position.

Maintenance: To clean these gloves, we recommend washing with mild soap with a wet wipe and then drying at room temperature.

Characteristics:

- Lined with Thinsulate® 40 grams
- All grain leather
- Very soft leather glove
- Keystone thumb
- Elastic wrist
- Handling in cold, wet and dry conditions
